Andrew Farah
Founder and CEO at Density

Andrew Farah is founder and CEO at Density. A passionate storyteller and entrepreneur, Andrew has made it his mission to be humble, seek feedback, and always solve the fundamental problem. Prior to Density, Andrew spent five years as a Partner and Strategic Lead at Rounded, a product-focused software development agency. During his tenure, he helped manage and acquire over 200 development projects and led Rounded's Research and Development team. Andrew lives in San Francisco with his wife, Dori, their daughter, Josephine, and their English Shepherd, Indiana.
