Amanda Minuk

Founding Partner and Professional Interior Designer, Design Shop Inc.

Amanda graduated on the Dean's Honour list with a Bachelor of Environmental Design, majoring in Interior Design at the University of Manitoba in 2009. After graduating and gaining experience at other interior design firms, Amanda co-founded Design Shop Inc. here in Winnipeg in 2013.

Inspired by mid-century interior and furniture design, passionate about pushing design boundaries, and motivated to always be a supportive advocate for her clients, Amanda's work elevates spaces, as well as, the experience along the way.

Outside of design, Amanda collects mid-century chairs, loves a good dance floor, has a soft spot for pups, and has found a deepened passion for her newest role as a mother.
